EMBRYOLAB

FERTILITY CLINIC

THE CARING SCIENCE.

IVF treatment is more than medical expertise; it is about caring for the individual and for the couple. It is about taking the time and effort to create personalised, tailor made solutions. At Embryolab, this is what we are devoted to. We call it the caring science.

WHY EMBRYOLAB

- **90% successful outcome** in less than 3 embryo transfers
- Elective cryopreservation techniques **significantly increase pregnancy rates**
